

Datum: 08.10.2018

Beschreibung: aTape BGB-F, Betongewebeband, silber
Description: aTape BGB-F, Cloth tape, silver

Identifikationsnummer: 12127/124/1
Artikelnr. 501015

Struktur:

Beschreibung: PE-beschichtetes Gewebe, mit einem gut haftenden synthetischen Kautschukkleber beschichtet.

Description: PE-coated cloth, single side coated with a good adherent synthetic rubber based adhesive.

Einsatz: Abdichten und Verbinden von Rohrleitungen und Lüftungskanälen. Befestigen von Folien auf schwierigen Untergründen wie Putz oder Beton. Zum Bündeln und Verpacken.

Application: Sealing and linking of pipeslines and air-ducts. Fixing and covering films an difficult substrates such as plaster or concrete. For bundling and packaging.

Technische Daten / Technical Data	Wert / Value
Träger / Carrier	PE-beschichtetes Gewebe / PE-coated cloth
Mesh Summer der Fäden / sum of threads inch ²	45
Gesamtdicke / total thickness	0.190mm
Klebstoffbasis / adhesive-base	Synthesekautschuk / synthetic rubber
Klebkraft / Peel adhesion	≥ 7.2 N/cm / ≥ 18.0 N/25mm
Oberflächenklebrigkeit / Tack	hoch / high
Reisskraft / Tensile strength	≥ 32 N/cm / ≥ 80N/25mm
Reissdehnung / Elongation	17%
Temperaturbereich / Temperature range	-30°C - +60°C
UV-Beständigkeit / UV-resistance	Begrenzt / Limited
Verarbeitungstemperatur / Working temperature	Empfohlen / Recommended >5°C - +40°C
Farbe / Colour	Silber / Silver
Kerndurchmesser / Core diameter	76mm
Lagerstabilität / Storage life 18°C / 55%RF	12 Monate / 12 Months Trocken / Dry +5°C - +25°C, UV-geschützt / UV-Protected

Die verwendeten Prüfmethode basieren auf anerkannten Normen wie DIN, AFERA, FINAT, PSTC oder internen Prüfmethode, die bei Bedarf angefordert werden können.

The used test methods are based on recognized specifications like DIN, AFERA, FINAT, PSTC or internal test methods, which may be presented on request.
