

Datum: 08.10.2018

**Beschreibung:** aTape PAB LLS, Abdeckband Long Life Standard, gold  
**Description:** aTape PAB LLS, Masking tape Long Life Standard, gold

Identifikationsnummer: 12123/124/1  
 Artikelnr. 501030

Struktur:

**Beschreibung:** Sehr dünnes und anschmiegsames Abdeckband, einseitig mit einem hitzestabilen Polyacrylatkleber beschichtet.

**Description:** Very thin and flexible high-quality-masking-tape, single side coated with a high-temperature resistant polyacrylate adhesive.

**Einsatz:** Abdecken für Lackier- und Malerarbeiten mit lösemittel- und wasserbasierten Farben. Abdeckung für sehr scharfe Farbkanten. Nicht auf feuchten Untergründen anwenden.

**Application:** Masking application for paint applications with solvent and water based colours. Precise and sharp paint edges. Do not use on humid surfaces.

Technische Daten / Technical Data	Wert / Value
Träger / Carrier	Spezialpapier / Special Paper
Gesamtdicke / total thickness	0.100mm
Klebstoffbasis / adhesive-base	Polyacrylat / Polyacrylat
Klebkraft / Peel adhesion	≥ 1.2 N/cm / ≥ 3.0 N/25mm
Oberflächenklebrigkeit / Tack	Mittel / Medium
Reisskraft / Tensile strength	≥ 28 N/cm / ≥ 70N/25mm
Reissdehnung / Elongation	4% - 6%
Temperaturbereich / Temperature range	-30°C - +80°C Kurzzeitig / Short time +100°C
Einsatzdauer inn / Period od application inside	Bis 4 Monate / Up to 4 months
UV-Beständigkeit / UV-resistance	3 Monate / 3 Months
Verarbeitungstemperatur / Working temperature	Empfohlen / Recommended >5°C
Farbe / Colour	Gelb / yellow
Kerndurchmesser / Core diameter	76mm
Lagerstabilität / Storage life 18°C / 55%RF	12 Monate / 12 Months Trocken / Dry +5°C - +25°C, UV-geschützt / UV-Protected

Die verwendeten Prüfmethode basieren auf anerkannten Normen wie DIN, AFERA, FINAT, PSTC oder internen Prüfmethode, die bei Bedarf angefordert werden können.

The used test methods are based on recognized specifications like DIN, AFERA, FINAT, PSTC or internal test methods, which may be presented on request.
